# RB526DH
## Hotpoint® 30" Free-Standing Electric Range

### Dimensions and Installation Information (in inches)
**Receptacle Locations**

Locally approved flexible service cord or conduit must be used because terminals are not accessible after range installation. See shaded area in drawing for location of electrical outlet box. Recommended outlet locations allow range to be installed directly against wall.

**Note:** This appliance has been approved for 0" spacing to adjacent surfaces above the cooktop. However, a 6" minimum spacing to surfaces less than 15" above the cooktop and adjacent cabinet is recommended to reduce exposure to steam, grease splatter and heat.

**Installation Information:** Before installing, consult installation instructions for current dimensional data and additional requirements.

| KW Rating | |
|---|---|
| **240V** | 10.1 |
| **208V** | 8.7 |
| **Breaker Size** | |
| **240V** | 40 Amps† |
| **208V** | 40 Amps† |

†**Note:** Check local codes for required breaker size.
