

RU 510 Grand Cru

24" Built-In Beverage/Cooler

Liebherr's sleek beverage center chills every drink to perfection and allows them to be kept close at hand in any kitchen, bar, or entertainment area. Whether you are entertaining a large group or having a quiet family night at home, the new RU 510 has an amazing capacity as well as superior storage capabilities—all set within the framework of a sophisticated design that blends beautifully with any decor. This contemporary unit features a glass door for a clear view and an elegant stainless steel frame that can also accommodate a custom panel, if desired. The unit offers storage flexibility with two glass storage shelves with stainless steel trim, plus a convenient split shelf for taller items and a pullout metal rack. The electronic control system is situated at the top of the interior and is visible through the glass door. The temperature can be set from +37 °F to +68 °F. The cabinet includes a lock for protection.

Appliance Dimensions

Height when adjustable feet have been screwed in as far as they will go.

Maximum height adjustment = 2" (51 mm)
to allow for a 6" (153 mm) toe kick.

A filler strip can be used to increase the height of the appliance to match cabinetry. Bracket is included.

Keep ventilation openings, in the appliance enclosure or in the built-in structure, clear of obstruction.

Opening dimensions

This is where the power cord extends from the back of the appliance.

The Bottom Ventilation Grill fits in a cut out in the toe kick trim.
