

DACOR'S WARMING DRAWERS

MAKE YOUR PRESENTATION A WINNER!

DEMONSTRATE THE FOLLOWING FEATURES TO YOUR CUSTOMER.

DACOR® MAKES IT EASY TO SELL A COMPLETE KITCHEN.

Design Options	• Epicure®: 36", 30", 27" and 24" • Renaissance Millennia® in both stainless steel and black: 30" and 27" • Renaissance Epicure in Black: 30" and 27" • Preference® in six designer colors come in 30" and 27" available only in black • Integrated: 30", 27" and 24"
Electronic Touch Controls	Electronic touch controls give customer precision performance at their fingertips. • One button on/off switch • Four temperature settings – Proof, Low, Medium & High • Temperature will automatically go to last temperature setting when drawer is turned on.
Four Timer settings plus Infinite Mode	• Four timer settings give the ultimate in efficiency and flexibility. • Timing can be set from one to four hours. • Use the Infinite Mode for timing needs over four hours, such as the Sabbath or family events. • The blue LED illuminates on the control panel for easy viewing of time setting.
Moist-Crisp Slide	• Keep that pizza crisp and your meatloaf moist! • Moist-Crisp slide feature keeps food "just-made" fresh! • Slide to Crisp for rolls, breads, and fried foods. • Slide to Moist for meats, vegetables, stews, casseroles and cakes. * See complete guidelines for temperature and humidity control setting on back. ** This feature is not available with the integrated design. Hint: To achieve the crisp feature with integrated, just leave drawer slightly ajar.  MOIST Symbol  CRISP Symbol
Quality Construction	Like all our appliances, this warming drawer was engineered with quality in mind. • 500 watt heating element is now located below the drawer for better heat management. • 50 lb. weight capacity. • New silicone gasket construction for a tighter seal when closed.
Electrical	• Electrical: 120V, 15A
