

Honeywell / HM0CESAWK6

Honeywell 10,000 BTU Portable Air Conditioner, Dehumidifier & Fan

Built with the durable materials and superior quality that are synonymous with the Honeywell brand, the HM0CESAWK6 offers powerful cooling for your living room, bedroom, home office, or den. With grab handles, smooth-gliding caster wheels, and a sleek, compact design, this portable air conditioner seamlessly travels with you wherever you go. Not only is the Honeywell HM0CESAWK6 a 3-in-1 appliance, but it offers multiple settings and cooling modes to give you complete control over your environment. Features like an easy-to-read mirage display, an LCD remote and holster, smart thermostat, and a dehumidification capacity of 60 pints per day enhance user experience no matter the season. The Honeywell HM0CESAWK6 also includes a window kit and drain tube for easy operation. Our US-based customer service team is ready to help you with any questions or concerns, promising you a hassle-free experience.

- 9,900 BTU (ASHRAE-128) unit cools spaces up to 450 sq. ft.
