

## Superiore / RN241GPS-S

24" Next 4 Gas Brass Burners, 2 Convection Fans

The Superiore 24-In. Next Series range is a freestanding gas range with 4 aluminum refined burners that showcases a stainless steel finish and panorama glass door design. The

range top's four-burner configuration offers an unparalleled level of gas flexibility that is the ideal worktop for its 5.7-cu. ft. gas oven. Its unique design features one-hand ignition knobs and an analog thermometer that takes center stage on this contemporary-style appliance. The internal surface of the oven is fully flush, without screws or gaps for an extra sleek look that guarantees fast and easy cleaning with an easy-to-clean grey enamel finish. An additional cleaning feature is the comfortable access to the internal glasses that can be cleverly removed. Additionally, the triple-layer glass door is engineered to grant maximum thermal insulation. When paired with the 2 convection fans that guarantee even cooking and prevent flavor cross-over while maintaining moisture, there is no limit to the possibilities. When your culinary masterpiece is finished, the fully extendable glide shelf allows for easy access and safe extraction of hot dishes.
