ACCESSORIES

UTENSIL KIT - A70011

Designed specifically for Kenyon, these high temperature nylon utensils come packaged in a convenient case.

TEXAN GRILL COVER - B96000

Protect our Texan Built-In Grill from all types of weather conditions with this custom fitted cover.

Designed with the full grilling experience in mind, the Texan Stand packs a generous workspace for prep, cooking and serving all into a freestanding electric grill. Durable stainless steel construction to withstand the elements and can be used indoors or outdoors. The full-size 310 square inch cooking surface accommodates large-sized meals that the whole family will enjoy and has dual heat control to provide precision cooking.

Utilizing (2) 1500 - Watt elements, the Texan Stand will exceed temperatures of 550°F and is virtually smokeless without any chance of flare-ups. The grill cabinet adds enclosed storage space for all of your essential grilling tools and accessories. Stainless steel side shelves provide extra workspace and fold down for storage.

Choose between 3 different control types:

New - IntelliKEN Touch™ Control

IntelliKEN is a waterproof touch control system that integrates the latest swipe technology with user-friendly features such as Precision Control (PC) and Direct Temperature Feedback (DTF). Precision Control allows you to select the power setting (1 - 16) best suited for the food being cooked or the temperature you desire (150°F - 550°F). Direct Temperature Feedback (DTF) is our patent pending system giving you the ability to cook by temperature and time. Simply adjust the control to the desired temperature setting, set the timer and your dish is cooked to the correct temperature and time.

Lite-Touch™ Control

Lite-Touch™ is our traditional control. Simply touch the On/Off circle and then raise or lower the heat setting by pressing the (+) or (-) graphic on the sealed moisture proof ceramic glass panel and you are instantly cooking!

Knob Control

Push-to-turn knob control allows you to select between 8 different heat settings. The even temperature over the entire cooking surface ensures that all of your food is cooked correctly without damaging any food.

The Kenyon Texan Stand is constructed of the highest quality, marine-grade stainless steel. And as all Kenyon products, backed by uncompromising quality, exclusive 3-year product replacement warranty, and the best customer service in the industry.
