

Beauty and Innovation Beyond the Surface

Distinctive Gas and Induction Cooktops
for Virtually Any Countertop

Advancing the art and science of cooking.

Tulip Cooking showcases the brightest innovations in the field—
from the world's only modular induction cooktop with flexible
burner placement, to gas burners with optimal fuel efficiency.

A bold contemporary touch for your countertop.

A stylish flair for your cooking.

Welcome to Tulip Cooking. Discover our full spectrum of exclusive gas and induction cooktop systems, made for seamless integration into virtually any countertop. With dramatic style, impeccable craftsmanship, and innovative technology, our products bring creativity to the discerning kitchen, helping you express your passion for cooking in the most personalized way imaginable.

DESIGNED AND HANDCRAFTED IN THE NETHERLANDS.

Tulip Cooking offers a refined yet spirited aesthetic that exemplifies contemporary Dutch design. Our products are meticulously assembled by hand in The Netherlands to the most exacting quality standards, using the finest materials available.

TULIP COOKING GAS COOKTOPS

An elevated experience for the home chef.

Enhance your kitchen with the beautiful and expressive style of our gas cooktops, suitable for virtually any countertop material*. Custom-tailor the look to your tastes, and enjoy advanced technology that makes it easier than ever for you to pursue your love of cooking.

- Available in up to 20 different configurations
- Control knobs available in black, red, or stainless steel
- Burner trim available in your choice of timeless brass or sleek black
- Superior flame control and optimal fuel efficiency
- Wide spacing between burners allows for simultaneous use of multiple large pots
- Installs and cleans easily; designed to the highest safety standards

*Except wood, Corian®, and similar solid surfaces

TULIP COOKING INDUCTION COOKTOPS

Elegantly modern. A revolution in kitchen technology.

Our induction cooktops instill any countertop with sleek, minimalist design that can be personalized to suit your imagination. Experience the latest in cooking innovation, from faster cooking to better energy efficiency. You can even install induction and gas burners together—the perfect pairing.

- Striking, gloss-black cooktop surface complements any kitchen
- World's only modular induction cooktop with flexible burner placement—limitless possibilities
- Burners available in two sizes: medium and large
- Powerful embedded burners deliver optimal heating efficiency
- Incorporates a state-of-the-art, solid-state control unit
- Greater safety: ceramic cooktop surface never gets hot to the touch
- Installs easily and cleans with a simple wipe of the surface
