# VIVIO 170GC

## PROFESSIONAL GARMENT STEAMER

The Vivio 170GC is a professional grade garment steamer that is suitable for commercial or home use. The steam works by softening the fibers, allowing the fabric to relax. Wrinkles quickly disappear, leaving a finished and attractive look to your clothes.

Built for the professional, the Vivio 170GC is equipped with our Super-Flex PVC Cloth Covered Steam hose and our metal steam head with "stay cool" wooden handle. The metal steam head's high heat acts as an iron for a quick press for stubborn wrinkles.

There are many choices in fabric steamers, but Vivio's unique combination of quality components, construction quality, and simplicity makes it an obvious choice for both pros and homeowners.
