

Whirlpool Model: WGD49STBW

7.0 cu.ft Top Load Gas Dryer with AccuDry™, Steam Refresh

Color ☐ White

Product Description

Drying large loads from your top load washer is easy with the 7.0 cu. ft. Whirlpool® HE dryer. Even bulky items like comforters and sleeping bags won't be a problem for this large-capacity model. For those days when you don't have time to rewash clothes, the Steam Refresh cycle can help you relax wrinkles and reduce odors. And you can rest easy knowing the AccuDry™ sensor drying system helps prevent overdrying by stopping the cycle right when the load is dry. Plus, once your clothes are dried, the Wrinkle Shield™ option tumbles them periodically to help keep wrinkles from setting in. You'll be able to take care of everyday items like work clothes with the Normal cycle. And if your favorite pair of jeans need a little more time in the dryer, use any one of the convenient Timed Dry cycles.
