

FRONT LOAD WASHERS

WM2455H

Performance

- 4.0 cu.ft. Ultra Capacity with NeveRust™ Stainless Steel Drum (IEC)
- Direct Drive Motor for the Ultimate in Durability and Reliability
- 10° TilTub™ for Easy Reach into the Rear of the Drum
- 1200 RPM Powerful Spin for Efficient Water Extraction
- SenseClean™ System for Intelligent Fabric Care
- 9 Washing Programs
- 5 Temperature Levels
- Load Size Sensing Indicator
- RollerJets™
- Sanitary Cycle
- Delay Wash (up to 19 hours)
- Custom Program

Style and Design

- Upfront Electronic Control Panel with Dual LED and Dial-A-Cycle™
- Large Chrome Rimmed Door with Clear Glass
- Stackable with Matching Dryer (DLE5955/DLG5966)
- Optional Matching Drawer Pedestal

Technology Benefits

- LoDecibel™ Quiet Operation
- Highly Energy and Water Efficient

LG front load washers exceed Energy Star® classifications by a minimum of 39%.

FRONT LOAD WASHERS

Ultra Capacity with NeveRust™ Stainless Steel Drum

The largest capacity front load washer for the consumer market which means fewer loads, easy handling of large comforters and better water and energy efficiency.

Intelligent Electronic Controls with Dual LED Display and Dial-A-Cycle™

Intuitive controls allow you to 'set it and go'. The large LCD display provides instructions and diagnostics while keeping you updated on the cycle status and time remaining.

Stackable or Side by Side?

Your Choice. Less space? Try stacking the washer and dryer. More space? Place them side by side or under a counter. Don't want to bend down so far to load or unload clothing? Add our tall drawer pedestals. They're also a great place to store laundry products.

Sanitary Cycle

Get tough stains and bacteria out of dirty clothes with this special cycle that boosts water to 158°F.

Load Size Sensing Indicator

Determines the size of the load so you can gauge how much detergent to use. The benefit is that you will only use the amount of detergent you need, saving you money.
