

## PRELIMINARY WMH76719C – Microwave Hood Combination

NOTE: Image does not represent actual product.

Whirlpool® microwave hood combinations sense and adapt to deliver precise temperature control and make achieving delicious results effortless.

### Key Features

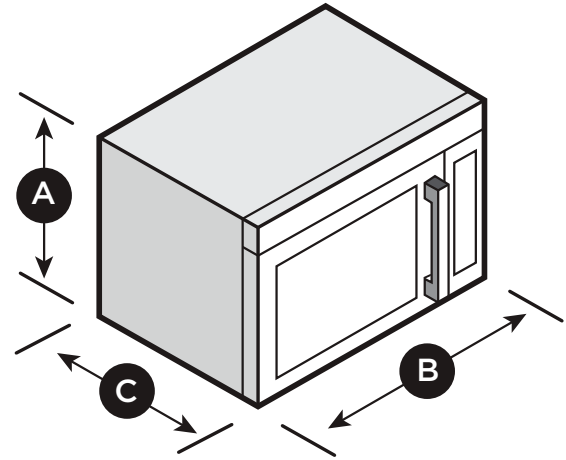

- **1.9 cu. ft. Capacity**—Easily prepare your favorite dishes thanks to 1.9 cu. ft. of capacity, which provides enough space for frozen entrees and microwave-safe mixing bowls.
- **Sensor Cooking**—Automatically adjusts time for optimal results.
- **TimeSaver™ Plus True Convection Cooking System**—Uses a fan and heating element to circulate hot air more efficiently to seal in flavors and juices.
- **Steam Cooking**—Conveniently steams foods such as rice, vegetables and fish in conjunction with the microwave steamer.
- **AccuPop™**—The only microwave that listens to your popcorn, setting the perfect pop-time, every time.
- **Steam Clean Option**—Uses steam and heat to gently remove cooked-on food without harsh chemicals.
