

WT1201CW/V

## A REVOLUTIONARY SPIN ON LAUNDRY.

Presenting the top-load washer with a new spin on style. Instead of an upright panel at the back of the machine, LG streamlines tradition with the sleekest contours and a state-of-the-art LED Control Panel right in front - right where it's easiest to use. Inside, our washer is all about big-time performance. The oversized 4.5 cu. ft. capacity tub makes room for piles of laundry, so you can look forward to fewer loads... and a new standard of clean with features like WaveForce™ Technology and the Smart Rinse™ Jet Spray system. Style's never been smarter!

### SPECIFICATIONS

- 4.5 cu. ft. Ultra Large Capacity with NeveRust™ Stainless Steel Drum
- Direct Drive Motor with 10-Year Limited Warranty
- 1,100 RPM
- 8 Washing Programs
- 5 Temperature Settings (All Cold Rinses)

- Delay Wash (Up to 19 Hours)

### STYLISH DESIGN

- Front Electronic Control Panel with LED Display
- SlamProof™ Diamond Glass Lid

WaveForce™

TrueBalance™  
ANTI-VIBRATION SYSTEM

COLDWASH™

### Ultra Large 4.5 cu.ft. Capacity

Towers of towels, piles of sweatshirts, and a mountain of jeans? Go for it. The **ultra large capacity (4.5 cu.ft.)** tub lets you do more laundry in fewer loads. That's time saved and sore backs avoided.

### Direct Drive Motor with 10-Year Limited Warranty

When you buy a washer, you want something reliable that you can count on. Because the Direct Drive Motor uses fewer moving parts and operates more efficiently, LG confidently backs the motor with a **10-year limited warranty**.

### Front Control Design

LG puts a modern spin on the traditional top load design. By moving the control panel from the back to the front, the buttons and LED display are easier to read and use. This simple change makes for a more intuitive and functional design and a look that is unlike anything you've ever seen.
