High Efficiency Top Load Washer

WT4901

Performance

- 5.4 cu.ft. Ultra Large Capacity with NeveRust™ Stainless Steel Drum (IEC)
- DirectDrive™ Motor for the Ultimate in Durability and Reliability with 10 Year Warranty
- 1100 RPM Powerful Spin for Efficient Water Extraction

Intelligent Fabric Care

- WaveForce™ Technology
- ColdWash™ Option
- SmartRinse™ Jet Spray System
- SlamProof™ Lid
- SmartDiagnosis™
- TrueBalance™ Anti-Vibration System
- SenseClean™ System for Intelligent Fabric Care
- 8 Washing Programs and 5 Temperature Settings
- Delay Wash up to 19 hours for Washing Convenience

Style and Design

- Electronic Control Panel with Dual LED Display and Dial-A-Cycle™
- Solid Lid with Silver Trim

Technology Benefits

- LoDecibel™ Quiet Operation
- Highly Energy and Water Efficient

LG front load washers exceed Energy Star classifications by a minimum of 39%.

DirectDrive

TOP LOAD WASHERS

Catch the Wave

LG WaveForce™ uses rapid drum movement and powerful water jets to provide outstanding washing and rinsing performance, while staying gentle on clothes.

The Hottest Thing in Cold

Now using the cold cycle on your washer doesn't mean compromising on how clean your clothes are. ColdWash™ technology uses cold water and enhanced washing motions to penetrate deep into fabrics, giving you cold-water savings with warm-water performance.

More Free Time

Towers of towels, piles of sweatshirts, and a mountain of jeans? Go for it. The ultra large capacity (5.4 cu.ft.) washer lets you do more laundry in fewer loads. That's time well saved.

Count On It

When you buy a washer, you don't want to worry that it won't last. Because the Direct Drive Motor uses fewer moving parts and operates more efficiently, LG confidently backs the motor with a 10-year warranty.

Call, Connect, Resolve

SmartDiagnosis™ uses self-diagnosing technology that can communicate 24/7 with LG customer service over the telephone providing you with comfort and reliability.

No Snags

Instead of a bulky, inefficient agitator, this washer has a low-profile, highly-efficient impeller. And both the NeveRust™ impeller and wash tub are made of durable stainless steel, avoiding nicks that can snag fabrics.
