Maximum freedom. High performance. Full pizza experience.

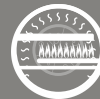

ETNA Fermo 16"

Witt ETNA Fermo 16" carries the unmistakable ETNA DNA – powerful heat, clean design, and uncompromising performance – but with a character entirely its own.

At the heart of the Fermo is its solid, fixed 16" pizza stone – a spacious, steady cooking surface that gives you the freedom to cook anything: classic Neapolitan pizzas, deep-pan Detroit-style, fluffy focaccia, seared vegetables, baked fish, or rustic sourdough loaves.

Powered by a robust U-shaped main burner, the ETNA Fermo is a sturdy, stylish oven that brings the full ETNA experience to your patio.

**U-shaped
main burner**

**Handles
16" pizzas**

**18-minute
heat-up**

**Pizza in less
than 90 sec.**

ETNA Fermo 16" pizza oven

All-Season Performance

Durable, and insulated – made to deliver perfect results, from summer nights to winter gatherings.

Fixed Pizza Stone

Even heat across the entire surface – for the perfect crispy base, every time.

U-Shaped Main Burner

The U-shaped burner ensures stable, even heat all around the pizza for consistent results.

18-minute heat-up – Ready for pizza anytime

Fast to preheat, easy to adapt – from blazing bakes to low-temp classics like Roman or New York.

Bakes pizza in 60–90 seconds

Fast baking without compromising on texture or flavour. Crispy edges. Soft centre.

Double-Layered Insulation

Improved heat retention and energy efficiency – perfect for consistent performance throughout the year.

Award-Winning Design

Part of the acclaimed ETNA series – recipient of both the iF Design Award and German Design Award.

Knob Control with Electric ignition

Precise gas control with a turn, electric ignition with a push.
