All-Season Performance

Durable, and insulated – made to deliver perfect results, from summer nights to winter gatherings.

Rotating Pizza Stone

Even heat across the entire surface – no need to manually turn your pizza. For the perfect crispy base, every time.

Booster Burner

An extra flame beneath the stone keeps the heat steady – ensuring your oven and stone stays at the perfect temperature for back-to-back pizza sessions.

U-Shaped Main Burner

The U-shaped burner ensures stable, even heat all around the pizza for consistent results.

15-minute heat-up – Ready for pizza anytime

Fast to preheat, easy to adapt – from blazing bakes to low-temp classics like Roman or New York.

Bakes pizza in 60–90 seconds

Fast baking without compromising on texture or flavour. Crispy edges. Soft centre.

Double-Layered Insulation

Improved heat retention and energy efficiency – perfect for consistent performance throughout the year.

Award-Winning Design

Part of the acclaimed ETNA series – recipient of both the iF Design Award and German Design Award.

Knob and Push Button Controls with Electric ignition

Precise gas control with a turn, electric ignition with a push – plus a dedicated button to rotate the stone.
