

# GE Profile™ Series ENERGY STAR® 115 Volt Room Air Conditioner

Model# PHC08LY

- Ultra Quiet - 50% quieter than similar GE Appliance models\*, this model delivers 43 dBs of maximum comfort and minimum noise (\*Based on perceived loudness)
- Connected peace of mind - Monitor, schedule and control your air conditioner while home or away with the GE Appliances app
- Connected performance - Monitor your unit's energy consumption with reports that show you how much energy you've used and help you maximize your savings
- Connected - voice control - Turn your air conditioner on and off, check the status or change temperature settings with your favorite Bluetooth enabled voice assistants
- Auto dimming - The LED display will automatically dim after a few minutes of inactivity so that you're not disrupted by a bright light as you sleep
- ENERGY STAR® Certified - Efficiency exceeds minimum guidelines to help lower energy costs
- Dehumidify - The built-in dehumidifying capability balances humidity levels in the room to keep you comfortable and breathing easier
- Filter reminder - Easy to clean air filter, recommended to clean every 30 days for best performance
- Delay function - Designed to allow you schedule when you'd like your air conditioner to turn on or off
