

ZBD1870NSS

GE Monogram® 18" Dishwasher

Dimensions and Installation Information (in Inches)

ADA-Compliant ZBD1870NSS:

Installation below 34"-high countertops

A reduced-height installation (32-1/2" min.) beneath a 34" countertop can be accomplished by removing the front leveling legs. The rear legs should be screwed in flush with the bottom support, as shipped. The front of the dishwasher must be shimmed to level it. Water and electrical must be routed through the back wall.

Electrical Requirements

The dishwasher must be supplied with 120V, 60Hz, and connected to an individual properly grounded branch circuit protected by a 15- or 20-amp circuit breaker or time-delay fuse.

For answers to your Monogram®, GE Profile™ or GE® appliance questions, visit our website at ge.com or call GE Answer Center® service, 800.626.2000.

- The dishwasher must be installed so that the drain hose is no more than 10 feet in length for proper drainage.
- The dishwasher must be fully enclosed on the top, sides and back, and must not support any part of the enclosure.

CLEARANCES:

When installed into a corner, allow 2" min. clearance between dishwasher and adjacent cabinet, wall or other appliances. Allow 25-5/8" min. clearance from the front of the dishwasher for door opening.

Installation Information:

Before installing, consult installation instructions packed with product, or available at Monogram.com, for current dimensional data.

ZBD1870NSS

GE Monogram® 18" Dishwasher

Features and Benefits

- Integrated Design - Offers a stainless steel door and slim tubular handle
- Hidden, Integrated Electronic Controls - Allow easy activation of wash cycles: heavy wash, normal wash, light wash, china and rinse only
