

SBC635MBINKDPL

33.5" x 24.0" x 25.38" (H x W x D)

Built-in residential beer dispenser, auto defrost w/digital thermostat, diamond plate door, and TB handle; sold without tap kit for do-it-yourselfers

Highlights:

- Allows you to install your own custom tap equipment
- Full-sized capacity to hold half, quarter, 1/6 or mini kegs
- Designed for built-in installation under the counter
- Textured diamond plate door in aluminum with polished towel bar handle offers an industrial look

Full-sized beer dispenser	Large 5.6 cu.ft. interior can accept a full half barrel keg, two 1/6 barrel kegs, or a pony keg
Built-in capable	Make the best use of space by installing your appliance under the counter; NOTE: if installing flush with wall or cabinets, unit will require extra space due to the door design. Width should be 25" to 25 1/4". For more information, see the user manual
NO TAP KIT	Install your own tapping equipment for a customized beer cooler
Digital thermostat	Electronic controls ensure easy temperature management, with an external readout in Celsius or Fahrenheit
Ideal beer temperature	Operates between 33° and 50°F to keep a variety of beers stored at just the right serving temperature
Automatic defrost	Reduced maintenance with auto defrost system
Diamond plate door	Textured diamond plate finish in wrapped aluminum creates a unique industrial look
Professional towel bar handle	Curved handle in polished stainless steel completes the look
Fully finished black cabinet	Allows the unit to be used freestanding

Casters
included (ship
unassembled)

To make the beer dispenser portable, install this set of 2 1/2" high locking casters
