

SU-DD

A high-quality photograph of a modern kitchen range hood. The hood is made of stainless steel and features a sleek, rectangular design. It is mounted above a gas cooktop. A large, polished stainless steel pot is placed on one of the burners, which is lit with a bright blue flame. Steam is rising from the pot, indicating it is being heated. The cooktop has several other burners and control knobs. The background is dark, making the stainless steel surfaces stand out.

SU-DD3

- adjustable height above the cook top
- Filtering version
