

Efficiently washes tiny silk dresses in a tiny little space.

Specialty Fabric Cycles

The compact ultraStack™ washer features specialty cycles that can handle the most varied wardrobes. The electronic touch controls give you easy access to 15 wash programs that include 6 specialty cycles: Wool, Handwash, Delicates, Intensive, Sanitary, Refresh.

Largest Capacity in Its Class

Siemens engineered the ultraStack™ washer to make use of every square inch of its compact size. Its 3.4 cubic foot capacity can wash 14 pairs of jeans at once. And the 165° door swing makes getting them in and out easy.

Quietest in Its Class

At 56 dBA, the ultraStack™ can be installed in any room of the condo or apartment.

Gentle, Thorough, Efficient Cleaning

The precise curve of the drum paddles gently guides clothes through the wash water. It thoroughly and safely cleans even the most delicate garments.

German Engineering

The ultraStack™ washer is engineered to Siemens' exacting standards. No detail of its design or manufacture is overlooked. It's why the ultraStack™ washer is one of Europe's best selling stackable washers.

ultraStack™ 24" Stackable Washer

The future moving in.
