

A SIMPLE, SLIM DESIGNED UPRIGHT WITH
ULTRA POWERFUL SUCTION

This easily maneuverable vacuum features a Motion Sync Design™ which uses cambered and lightweight wheels to ensure swift and steady motion. Cyclone Force Multi provides powerful suction that lasts and separates dust and air so filters last longer. The Multi-Surface Cleaning technology makes transitioning between hard surfaces and carpet as easy as the press of a button.

MOTION SYNC DESIGN™

Smooth swivel steering

CYCLONE FORCE MULTI TECHNOLOGY

Long lasting suction with multiple cyclonic chambers

MULTI-SURFACE CLEANING

Easily transition from carpet to hard floors

MOTION SYNC DESIGN™

Smooth Swivel steering

- Easily maneuver around furniture and obstacles around the house
- Cambered wheel design provides smooth and stable motion during use
- Easily transition from carpet to hard floors

CYCLONE FORCE MULTI TECHNOLOGY

9 Chamber Cyclonic System for powerful suction that lasts

- Filters over 99% of fine dust and debris
- Superior separation means filters last longer

MULTI-SURFACE CLEANING

Easily transition from carpet to hard floors

- Turn off the brush roll with the push of a button for scatter-free suction for hard floors
- Turn brush roll back on when returning to carpet

HEPA FILTRATION

Captures harmful allergens with hygienic filtration

- Certified allergy and asthma friendly by the AAFA (Asthma and Allergy Foundation of America)
- Easy to remove and replace
